THIRD LYNCHING WITHIN TEN DAYS

Negro Lynched Near St. George, South Carolina.

DID NOT PROTEST INNOCENCE

Caught Trying to Enter White Man's House, Negro Is Jailed—Securing Keys of Sheriff, Posse Enters the Jail and Lynch the Negro.

Columbia, S. C, Aug. 25.—Willie Spain, a North Carolina negro 21 years of age, was shot to death by a mob near St. George, Dorchester county, Thursday afternoon.

This is the third lynching in South Carolina within ten days.

S. L. Connor, manager of the Dorchester Lumber company's stores at Badham, was notified by a negro that he saw another negro attempting to enter a window of his home and then ran away into a nearby cane patch. Connor immediately started for his home, going through the cane field. He suddenly came upon Spain. He grappled with the negro, striking him a severe blow, breaking several bones in his hand. The negro finally freed himself, and ran into nearby woods.

Connor then notified his neighbors and a search was begun.

About wo hours later Spain was captured in a negro cabin not far distant. He was brought to St. George and turned over to Sheriff Limehouse, who locked him up in jail. Shortly afterwards a posse of forty or fifty men went to the sheriff and demanded the keys of the jail. Securing the keys, the jail was unlocked and the negro taken to the house of Connor, where his 11-year-old daughter, who was alone in the house, positively identified the negro as the one who tried to climb through the window, but was frightened away by her screams.

The negro did not protest his innocence, but admitted that he had gone to the residence with the intention of entering it, but for what purpose he did not say.

The mob then took the negro to a nearby oak tree, strung him up to a limb and shot about 500 shots in o his body. The negro's head and body were shot literally to shreds.

After the sheriff had surrendered to the mob he telegraphed Governor Heyward of what had happened. The governor at once wired the officer to use all means to prevent a lynching, but it was too late, as the mob lost no time in dispatching the negro.

After finishing its work, the mob dispersed and all is quiet at the scene of the lynching.

Dr. Cooper Yields to Death.

Atlanta, Aug. 25.—Dr. Hunter P. Cooper, one of Atlanta's most prominent physicians and surgeons, died Friday morning at 5:30 o'clock at his residence. Dr. Cooper had been ill for just three weeks and succumbed to an attack of meningitis, complicated with affection of the kidneys and intermittent attacks of hiccoughs. Several times during the illness the wonderful strength and vitality of Dr. Cooper caused gratifying rallies, which gave to his atending physicians renewed hope. The combination of diseases was, however, too much for even his iron constitution, and he sank painlessly into death early Friday.

Charged with Abduction.

Evansville, Ind., Aug. 25.—Ernest Tankesly, of Bedford, Ind., and Miss Nellie Rainey, a school girl of Heltonville, Ind., a small town near Bedford, were taken to Bedford by Bedford officers who came after them. Though the present charge against Tankesly is the abduction of Miss Rainey, the police will seek to learn if he has any knowledge as to who murdered Miss Sarah Schaefer, the young school teacher, killed more than two years ago and whose slayer is still unknown to the police.

Three-Pound Baby Born at Meridian.

Meridian, Miss., Aug. 25.—A three-pound baby boy was born Thursday to Mr. and Mrs. W. E. Horton, of West End. The mite is perfectly formed and fully developed.

REVOLUTION IN CUBA.

Government Forces Now Fighting Rebels Near Havana.

New York, Aug. 25.—A cable dispatch to a morning paper from Havana says:

The government forces under Colonel Estramp are now in a fight with the rebels at Guines, 45 miles from the city of Havana.

It is officially stated that the government will pay $2 a day to volunteers.

Senator Mora Compos Marquiti has joined the revolutionists.

A special correspondent at Pinar del Rio reports that Pino Guerrar with 2,000 men is waiting for the arrival of more troops before attacking the city. Two thousand more rebels are marching to join him, and when they arrive he will attack the city from all sides.

Guerara is in full possession of San Luis and San Juan. He has not disturbed this municipality and permitted so rural guards to march out of the latter place unmolested.

With the artillery which was forwarded last night the government expects to have 900 men at Pinar del Rio today when a decisive battle is expected.

It is thought that Pino Guerara will win.

It is believed that the death of the negro general, Bandera, will inflame the Santiago negroes. The correspondent talked with Guerara who says he will march on Havana after taking Pinar del Rio.

Jose Miguel Gomez, who was a candidate for the presidency last fall and who was arrested Aug. 28, at his residence near Sancti Spiritus province of San a Clara, arrived here from Batabano on a special train early this morning and was escorted to the city jail before his arrival in this city became known.

Battle Near San Juan Hill.

Tampa, Fla., Aug. 25.—It is reported here that an encounter had taken place near San Juan hill between the government forces under Lieutenant Azcuy and the insurgents Friday, with the ode in favor of the latter. The force of insurgents is reported as operating around Santiago. Many people are disappearing at the town of Guanajay and it is believed that they are joining the insurgents. The Cubans here are very uneasy over the resignation of Secretary of State Ofarrell, fearing this may aid the insurgents. Efforts are being made to trace an American woman here, in whose room in the Hotel Leal Havana a plot to assassinate Palama was hatched, it being thought that she had fled and was in hiding in Tampa.

SMITH CARRIED 122 COUNTIES.

Votes in the Convention Now Have Reached 314.

Atlanta, Aug. 25.—Latest revised returns from the state primary shows that Hoke Smith carried 122 counties out of 145 in the state.

This gives Mr Hoke Smith 314 votes in the convention, where only 184 were necessary to a nomination on the first ballot.

Clark Howell carried seven counties, with 14 votes; Russell carried 9 counties, with 18 votes; Estill carried 4 counties, with 12 votes, and Jim Smith, carried three counties, with 6 votes.

Late Thursday afternoon the official vote in White county, which had previously been placed in the Russell column, gave the county to Hoke Smith by a handsome plurality.

Depositors Will Get 20 Per Cent.

Chicago, Aug. 25.—Receiver Fetzer, of the Milwaukee Avenue State bank, sent out Thursday 5,000 notices to depositors to call at the bank and get a 20 per cent dividend on their deposits. On account of the difficulty of handling such a crowd, the receiver decided not to send notices to all the 22,000 depositors at the same time, but to pay them off in divisions of 5,000 each.

No New Yellow Fever Cases.

New Iberia, La, Aug. 25.—The following is Dr. Irion's statement on the yellow fever situation here: "Situation unchanged, no new cases. Sanitary work progressing rapidly. Source infection not discovered. (Signed) C. H. Irion, president of the state board of health."

ALLEGED ASSAILANT IS SPIRITED AWAY

Another Negro Being Chased By Posse.

CROWD GATHERS AT RESIDENCE

It Was Reported Friday Morning that U. S. Soldiers at Fort McPherson, Might Be Called Out to Protect Negro, But This Was Denied.

Atlanta, Aug. 25.—One negro, answering the description of the assailant of Miss Ethel Lawrence, was captured late Thursday afternoon at Montreal, and was kept during the night in the convict camp near Decatur. A posse is following the trail Friday of another negro near Ingleside.

The negro captured at Montreal was taken from the convict camp early Friday morning in charge of Officer Holcrook and carried to the DeKalb county jail. Later he was placed in a covered wagon and started to the woods and the crowds which had been gathering near Decatur lost track of him. Some though, the negro was being brought to the Fulton county jail, while others believe he is being kept in hiding somewhere in the woods by the officers to avoid a lynching.

A squad of about ten mounted police left headquarters early Friday morning and went toward the Lawrence home in order to be on hand in case of trouble.

There was a rumor current that United States troops might be ordered out from Ft. McPherson to preserve order, and protect the negro in case he is caught, but at the fort it was stated that this report was without foundation.

It is believed that the negro being chased near Ingleside is the one who made the brutal attack on the Misses Lawrence. It is said that the place where he had slept in the woods was discovered and that it was bloody.

Another negro stated, too, that he had seen the man, and that his clothing was covered with blood.

The wildest rumors are flying everywhere, and the crowds are bent on meeting out speedy justice if the assailant caught.

It is feared that other negroes may be lynched in the excitement. A crowd of a thousand or more men gathered around the Lawrence home Thursday evening, expecting the negro to be brought there and had he appeared to charge of officers and been identified, there is no doubt that a lynching would have followed.

Friday morning the report that a negro was held near Decatur caused the crowd to go in that direction.

Around the home it was said to be quiet and it is hardly likely that the negro, if caught, will be carried theer by the officers for indentification.

Sail for Holy Land.

Rockland, Me., Aug. 25.—The barkentine Kingdom and the yacht Coroner, sailed Thursday with about 70 members of the holy ghost and United States colony at Shiloh for a destination carefully kept secret. As preparations had been made for a long cruise, it is believed the vessels are bound for the Holy Land, where F. W. Sandford, leader of the society, established a colony at Joppa a year ago.

Roosevelt Adopts Reform Spelling.

Oyster Bay, Aug. 25.—President Roosevelt has announced that he had adopted the Carnegie reform spelling and that he has instructed the public printer that all official documents from the White House, including the president's messages, shall be printed in accordance with the rehomendasions of a spelling reform committee headed by Brander Matthews, of Columbia university.

Real Estate Man Dies Suddenly.

Philadelphia, Aug. 25.—Frank K. Hippie, president of the Real Estate Trust company and a prominent figure in the financial circles of this city, died suddenly Friday at his home at Bryn Mawr, a suburb of Philadelphia. He was 67 years of age.

STEAMSHIP POLICE ARRESTED.

Employes of Ocean Steamship Company Charged with Theft.

Savannah, Ga., Aug. 25.—E. C. Tabb, C. H. Ruth and Bernard McCabe, policemen in the employ of the Ocean Steamship company upon its docks and A. B. LaRoach, shipping clerk, were arrested Thursday afternoon upon warrants charging them with the theft of articles of merchandise from the wharves. The men gave bond and were released.

Accusation against the men was made by John Ray, a negro, who was arrested for having new shoes in his possession. He could give no adequate explanation as to how he had secured them.

It is charged that the men arrested have been accustomed to break open cases of goods at night and take such articles as they desired. The alleged thefts are said to have been going on for two years. Others than those arrested are said to have been engaged in the practice.

The Ocean Steamship company operates a line of steamers between Savannah and New York and Boston. The force of police it employes are under the superintendence of the local chief of police.

SALTON SEA RISING.

May Be Able to Restore Colorado River to Old Channel.

San Francisco, Aug. 25.—Southern Pacific officials state that the Salton Sea, in the Colorado desert, is rising less than an inch a day now and they expect in a few weeks to begin work on a dam by which the Colorado river will be once again restored to its old channel. This will probably cost the company $700,000. A large force of men and teams is to be employed to construct heavy embankments, where the river water is flowing into the old channels and thence into the Salton basin, which is 262 feet below the level of the sea. Engineers in the employ of the railroad, say that once the river is sent back in o its old channel, the water in the so-called Salton sea, notwithstanding it is thirty feet deep in many places, will, through percolation and rapid evaporation under the terrific heat of the desert, all disappear within two or three years.

Seeks Pardon of Chinamen.

Savannah, Ga., Aug. 25.—General P. W. Meldrim has left this city for Atlanta to appear before the pardon board in the interest of Li Hop and Henry Lung, two Chinamen who were recently sentenced by Judge Cann in the superior court to confinement on the chaingang and $500 fine each, upon conviction of maintaining an opium room. General Meldrim presented to Judge Cann a petition signed by the members of the jury requesting him to commute the sentence. In this petition it was shown that the men are in wretched health, especially one of them, but Judge Cann will not change his sentence, maintaining that he has no right to do so, and that only the pardon board can act. It is said by a doctor that one of the men would die within three weeks on the chaingang.

To Try L. & N. Dispatcher.

Montgomery, Ala., Aug. 25.—Frank Young, chief train dispatcher of the Louisville and Nashville railroad, at Montgomery is charged with violating the Erdman arbitration law in a warrant sworn out before United States Commissioner Elmore by L. A. Tanquary, deputy president of the Order of Railroad Telegraphers. The case will come up for a preliminary hearing before Commissioner Elmore Monday morning. Mr. Tanquary alleges that B. A. Nesmith sought employment with the railroad as an operator, but was required by Mr. Young to enter into an agreement not to join the Order of Railway Telegraphers.

Will Investigate German System.

Washington, Aug. 25.—Several letters have reached the war department from officers and enlisted men of the army, who believe that the German manner of feeding is greatly superior to that used in the American army. The department has referred the letters to Captain Herman O'Keefe, master of the sword at the West Point academy with the request that he investigate the German system.

TWO MORE SHOCKS AT VALPARAISO, CHILE

Rain Falls, Increasing Suffering of People.

A SERIOUS EPIDEMIC IS FEARED

Another Severe Shock of the Earth Has Also Occurred at Santiago, Chile—700 Bodies Buried at the City of Valaparaiso.

Valparaiso, Aug. 24.—3 a. m.—There were two slight cartaquakes here last night.

Rain began falling again this morning, increasing the sufferings of the thousands living in tents. Many have sought refuge in houses, whose walls are in a dangerous state of ruin.

It is now believed that if the rain continues two or three days longer, a serious epidemic is sure to break out.

Santiago, Chile, Aug. 24.—10 p. m.—(Delayed in Transmission.)—Another severe cartnquake shock has just occurred here. The news received here from Valparaiso, continues to confirm the worst impressions formed of the situation there. As a result of the strong measures taken to preserve order at least 150 robbers have already been shot. Bodies are still being taken out of the ruins, and thus far about 700 have been buried.

It is said that an epidemic is almost certain to occur at Valparaiso as a result of the unsanitary conditions existing there.

The houses here are being more and more damaged by the continuing earth shocks. In addition to the one which occurred at about 10 o'clock this morning, there was another shock this morning.

Valparaiso, Aug. 24.—(Delayed.)—About 10,000 workmen are employed in clearing away the ruins here and in searching for bodies of those who lost their lives during the recent catastrophe and fires following in its wake. In the roofage of a house, the workmen found a child alive in a barrel which had protected it from harm.

Topeka, Kans., Aug. 25.—As president of the Kansas branch of the Red Cross Society, Governor E. W. Hoch Thursday issued a statement authorizing the vice presidents of the branch in every county in the state to solicit donations for a fund to be raised for the relief of the Chilean earthquake sufferers.

$10,000 Damage Caused by Fire.

Atlanta, Aug. 25.—At 1:30 o'clock Friday morning the Boston Bakery, 113 Whitehall street, caught fire in the rear of the building and the smoke soon spread into the tailor shop of H. Kaplan, 115 Whitehall street. It is estimated that the total damage as the result of this early morning fire will reach $10,000, and may assume an even greater figure. The Boston Bakery was practically gutted on the inside. All the goods of H. Kaplan were new ones, having just been received from New York, and a big part was damaged as the result of smoke and water.

Sheriff Makes 21 Arrests.

Lake Charles, La., Aug. 25.—A telegram from Oakdale, late Thursday afternoon, says that Sheriff Reid and his deputies have reached a point near there with 21 prisoners charged with complicity in the shooting affair at the Ten Mile Santa Fe construction camp. The telegram adds that more arrests will probably be made before those already apprehended are landed in jail. It is now stated that none of the construction employes were killed, but that 11 were wounded, several seriously.

Mexican Brokers Arrested.

Nogales, Ariz., Aug. 25.—The firm of C. Ramirez, the largest customs brokers in the state of Sonora, Mexico, was closed by Mexican officials on a charge of making false entries on 7 car loads of wheat shipped into Mexico from the United States. Senor Ramirez and three clerks are in the Mexican jail at Nogales, Sonora. Bail was refused to them in the amount

COTTON CROP WILL FALL AWAY SHORT

Hundreds of Acres of Fleecy Staple Have Been Abandoned.

TWO REASONS FOR THIS

The Continued Rains of Early Spring and the Scarcity of Labor Are the Causes—Cotton Opening Rapidly. Labor Yet Scarce.

T. H. Cato and family passed through the city Friday en route from Alachua to Seabreeze, where they will spend a couple or three weeks.

According to Mr. Cato's statement, the yield of cotton in the Alachua section will fall about one-third short of former years. This has been due to two reasons—first, the continued prevalence of rains during the season of cultivation, which caused the plant to shed its leaves and die from too much water, and the second, the absolute inability of the planters to secure labor. He recalled instances of many tracts, embracing an aggregate of hundreds of acres, which had been abandoned simply because it was impossible to cultivate same under the existing conditions.

Mr. Cato states that the plant, or that part of the crop which has been cultivated, is opening very rapidly, and the trouble now comes to secure hands to gather it. One bale has already been ginned of this season's cotton at Alachua, having been turned out by the Turner ginnery. All gins will be running soon, but the season will be a short one.

"The time is coming when we farmers must quit fooling with so much cotton and go to raising more staples," Mr. Cato said. "We must plant more grain and staple stuff that we can depend upon at home, and raise more stock. This can be done with one-fourth the labor and expense, one-fonrth the worry, and in the end to a great deal better and profitable and most satisfactory advantage."

Mr. Cato is a firm believer in the future of Florida as a stockraising country. He realizes, he says, that good cattle and hogs will always realize good prices, and that is the solution of the farmer today, who is compelled to contend with the farm labor question against the prices paid by turpentine and sawmill men.

NEWS OF CITY AND COUNTY CONDENSED

George Landrell and son, Orin, were in the city yesterday. They were accompanied by Mr. Landrell's sister-in-law, Mrs. R. J. Hadsock of Alachua, who has been on a visit to Mr. Landrell and family, and was en route home.

The house so long occupied by Mrs. Annie Sales and family, E. Lassiter street, and owned by C. W. Chase, has been moved to North University street, and will be repaired and fitted up in a most up-to-date manner. When completed it will make one of the most desirable residences in that section of the city.

Deputy Sheriff F. S Curl of Archer was among the visitors to this city yesterday. Mr. Curl is not only a good officer, but has proved himself a successful farmer and grape grower. He has harvested during the past season from one arbor of a quarter of an acre sixteen bushels of grapes, which have brought good prices. He believes in grapes as a money crop.

Among the prominent visitors to this city yesterday was Hon. N. A. Blitch of Montbrook, supervisor of State convict camps and a nominee for the position of railroad commissioner. Mr. Blitch, or as he is more familiarly known, Senator Blitch, received the highest vote of any candidate for that position, which was indeed an honor to be appreciated.

The G. W. Hyde Company continue to advertise bargains in summer goods. They very sensibly state that there are two months of summer yet; that they have a large stock of summer goods yet to be disposed of, and if you can do nothing with summer goods now, it would pay to buy them at this sale and lay them away for next season's wear. Go to Hyde's and take advantage of the bargains.

Among the visitors to this city yesterday were J. N. Haymans and son, John, of Island Grove. Mr. Haymans is a member of the firm of J. J. Haymans & Bro., general merchants, Island Grove, who recently had the misfortune to lose their building and stock by fire. The loss was about $3,500, $2,500 insurance. The firm will re-establish as soon as a building can be erected and the stock secured. Friends of the firm sympathize with them in the loss.

B. J. Potter, a prominent citizen of Ocala who is well known throughout this section, was at the Brown House yesterday. Mr. Potter, who is for "Ocala first, last and all the time," states that the health of the Brick City was never better, that the trade among the merchants is good, and that everybody and everything is prosperous. We are glad to learn this of our neighbor, as the people of Gainesville appreciate the friendship of Ocala and her excellent people. Ocala can get anything she wants if Gainesville's vote will count for anything.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

ARCHER TO ASYLUM.

Demented Negro Will be Taken to Hospital for Insane Today.

All papers have been signed for commitment, and William Archer, the colored man who was brought to this city from Newberry in a demented condition a couple of days ago, will be taken to the hospital for the insane at Chattahoochee today.

Archer has been employed by Dr. Williams near Cadillac. For some time it was noticed that he acted queerly, and a few days ago he became violent, imagining that he was a steam engine, when he would run about the place puffing and blowing violently. He was taken before a committee at Newberry and was adjudged insane. On his way to Gainesville it became necessary to secure him with ropes, so violent did he become.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Horse Flesh as Food.

New York, Aug. 25.—A special to the Herald from Newhaven, Conn., says that Professor William H. Brewer, of Sheffield Scientific school in Yale, in a brief speech at the banquet of the American Veterinary association, advocated horse flesh as food. Professor Brewer said that horses are less liable to disease than bovine cattle that are now eaten for a food, and the only thing that prevents its use in this country is prejudice and lack of knowledge as to its quality.

Judge Dismisses Charges.

Louisville, Aug. 25.—Judge McCann in the city court has dismissed all the members of the "Four Corners of the Earth" company and the staff of the Avenue theater, all being charged with violation of the Sunday closing laws. In announcing this decision, the judge said the case was a discrimination.

Letter to W. L. Gore,

Gainesville, Fla.

Dear Sir: We shall feel obliged if you write us how you come out on your first few jobs Devoe, as to gallons expected and used.

Take Job A. You made your price, expected to use 25 gallons Devoe, and used 15. Job B. You expected to use 15 and used 10. And tell us what paint you had used before. Of course, you judge Devoe by what you have used before.

Here's how a few came out:

M. A. Thomas, painter, Lynchburg, Va., writes: My first job with Devoe, estimated 37 gallons; it took 25. Since then I have used nothing else.

C. B. Edwards, Releigh, N. C., had used 30 gallons paste paint on his house, and bought 30 gallons Devoe; A. E. Glenn, his painter, said it wouldn't be enough. Had 16 gallons left.

Mayor W. W. Carroll, Monticello, Florida, writes: Painter estimated 35 gallons for my house; took 20 gallons Devoe.

Gilmore & Davis Co., contractors and painters, Tallahassee, Florida, says 2 gallons Devoe spreads as far as 3 of any other paint they know, and covers better.

S. A. Bullard, painter, Sanford, Florida, estimated 50 gallons for Odd Fellows and Masonic Halls; they took 29 Devoe.

Jones & Rogers, Merkel, Texas, estimated 10 gallons Devoe for Mr. Pratt's house and bought 5 gallons for first coat; it painted two coats.

Eyb-Springall Co., San Antonio, Texas, painted two houses same size for D. J. Woodward, one lead-and-oil, the other Devoe. Devoe cost $12 less for paint and labor.

Tom Masey's painter, Walnut Springs, Texas, estimated for his house 10 gallons Devoe. he had 4 left.

You see how it goes. Even the best painter can't guess little enough at first.

Yours truly,
F. W. DEVOE & CO.,
New York.

P. S.: The S. J. Thomas Co. sell our paint.

CONTAGIOUS BLOOD POISON

THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of the vile disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S. which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since. JOS. SCHLOEMER. 801 Allen Ave., St. Louis, Mo.

PRIVATE NORMAL CLOSED FRIDAY

A Most Profitable and Beneficial Session for all Concerned.

THERE WERE MANY STUDENTS

Who Remained Here After the Close of the State Normal for the Purpose of Continuing Studies in Which They Were Not Yet Quite Proficient.

The private normal school, which has been operated under the direction of Profs. P. W. Corr and Geo. M. Lynch since the closing of the regular State Normal, concluded its term Friday, after a most successful session which was well attended.

This normal was a great advantage to those teachers who attended the State Normal, as many desired to complete the course. Through this means they were enabled to do so, as many studies which it was impossible to carry through with any degree of success were finished up by this special or extra term.

Professor Lynch, who has been elected president of the Jasper Normal Institute, one of the oldest and most widely known normal institutions in the State, has already gone to Jasper, where he is arranging for the opening of the fall term of the school in September. He will shortly be followed by Dr. Corr and his daughter, who will also be members of the faculty. Dr. Corr is an educator of prominence and ability, and his daughter is also receiving recognition for her efficiency in this direction.

The special term of the normal was well attended from every section of the State, and all students expressed themselves at the close as being well pleased.

WILD WEST SHOW.

Pedestrians Very Highly Entertained by Bucking Western Bronchos.

A great deal of amusement has been experienced upon the streets of Gainesville for the last three or four days which was destined to make a fellow believe he was in some Western frontier town. A carload of bucking Texas broncbos, wild from the prairies of that great State, have been quartered here, and corps of experienced horsemen has been employed to break them. The result is exciting scenes, but the trainers usually master the "buckers," after an hour or so and a barrel of fun for the spectators which would put Buffalo Bill's or any other Wild West show to the bad.

ACCIDENTS INCREASING

Fast transportation, poor railroad service, the multiplied diversities of daily life, whether in business or in recreation, and the careless haste and nervous intensity of American character are resulting in a constantly increasing average of accidents, fatal and disabling.

18,296 PEOPLE KILLED AND HURT DURING JANUARY, FEBRUARY AND MARCH.

Washington, July 25.—The railroad accident bulletin which has just been issued by the Interstate Commerce Commission for the three months ending March 31, 1906, shows the total number of casualties to passengers and employes to be 18,296 (1,126 killed and 17,170 injured). This is an increase of 17 in the number of killed and 52 in the number injured over those reported in the preceding three months.

The number of passengers and employes killed in train accidents was 274, as against 320 in the preceding three months, a decrease of 46 in the number killed.

The total number of collisions and derailments was 3,490 (1,921 collisions and 1,569 derailments), of which 289 collisions and 167 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounts to $2,924,785.

SERIOUS WRECK OF PACIFIC EXPRESS

Fifteen Passengers Were Seriously Injured—Engine Plunged Into River.

Fishkill Landing, N. Y., July 29.—Pacific Express Train No. 37, of the New York Central and Hudson River Railroad, which left the Grand Central station in New York at 9:32 o'clock tonight, was wrecked shortly before midnight a short distance above Chelsea, and eleven miles below Poughkeepsie, by running into a landslide which had been swept down from a high embankment by a terrific rainstorm this afternoon. The engine of the flyer was thrown from the rails and plunged into the river.

TWO YACHTS CAPSIZED.

Eight Persons Lost Their Lives After Thrilling Experience.

Anglesea, N. J., July 29.—Two yachts capsized in Hereford inlet bar off here today and so far as can be ascertained tonight eight persons lost their lives. There were 32 persons on one yacht, of whom seven were lost, and 12 on the other, all but one of whom were saved.

That not more fell victims to the rough sea was due to the heroism of Capt. Lodlam of the Hereford inlet life saving station and a crew of five men. It was at first thought that from 14 to 28 persons had been lost, but after an investigation the coroner tonight stated that he believed only eight were lost.

20 PERSONS KILLED IN SEABOARD WRECK

By Blunder Trains Meet in Terrible Collision—Both Demolished.

Raleigh, N. C., July 24.—A collision between a freight train and a regular passenger train on the Seaboard Air Line Railroad at 8:40 Sunday night, three miles south of Hamlet, resulted in the death of four trainmen and sixteen others, and the injuring of twenty-four.

The bodies of the dead are being prepared for burial at Hamlet and Rockingham, while the injured have been removed to Charlotte and placed in the hospital there. The wreck was due to the failure of the regular passenger train to receive orders at Rockingham.

The "ideal husbands" and "ideal wives" are often found without ideas enough between the two for one good one of either kind.

No city in this section of the country can show a more rapid and substantial growth than Gainesville. Hardly a day passes but contracts are let for erection of new cottages and residences, and the best part of this bargain is that a tenant is always ready when the home is completed.

Miss Florence Nightingale, the famous Crimean war nurse, who shares with the philanthropic Baroness Burdett-Coutts the honor of being one of England's "grand old women," is 84 years old. Miss Nightingale lives in quiet retirement in a house in the outskirts of London, which she has occupied for many years.

The citizens of any prosperous city are always public spirited and united—stand together, work for the interests of the whole town. Always stand ready to do your part. Don't grumble and spend your time in prophesying failure, but help to make every enterprise a success, be it great or small. Be energetic and enterprising and your example will be imitated.

The man who makes money in a community has a duty to perform to that community. It may be that he has made his money by his superior business ability, and that he would have done as well anywhere. That does not alter the case. If his gifts are great his responsibility is equally as great. No man was placed on earth for the sole purpose of making money, and the man who has this as his ideal had better never have been born. It is not an act of charity, but the performance of a simple duty for the man who has made money to pass a little of it on for the benefit of the community, even though he never expects to see a dollar of his contribution back.

WORRY MAKES DISEASE.

Do you remember the old style almanac of your boyhood? Perhaps you can see it in your mind's eye, occupying its place of honor beside the kitchen stove—a household oracle, often consulted.

And do you remember how you, the boy, after puzzling over the zodiac which invariably appeared on the second page, and laughing for the hundredth time at the feeble jokes, began to read about the symptoms of disease for which the exploited patent medicine was a panacea?

For instance: You read that "shortness of breath and palpitation of the heart after vigorous exercise" was a symptom of heart disease. Sure. You had the symptoms. And for almost every ill described you could find a corresponding diagnosis.

Only you did not worry about it much. And in that respect you differed from the adult who gets a like idea from reading the advertisements of cure-alls and testimonials of marvelous recovery.

"As the man thinketh in his heart so is he."

A man gets it into his head that his heart does not work just right. He worries about it. Worry prevents sleep. It interferes with digestion. There is lack of nourishment, derangement. Each condition aggravates the other. The man is "run down." He is really sick. And in the end there is a case of functional difficulty. The man has real trouble with his heart and other organs. He has brought it about by wrong thinking.

"As a man thinketh in his heart so is he." There is a profound truth in the Scripture. He who thinks heart disease or liver trouble or stomach derangement will get these troubles. Any physician will tell you so.

And in large measure, the converse is true.

He who thinketh he is in health, and persists in so thinking, will be in health. He says to himself over and over: "I am strong and vigorous." He keeps on saying that. And by the marvelous power of mind over matters he comes finally to be what he thinks he is.

That is all there is to auto-suggestion, or suggestive therapeutics, or whatever you may choose to call it. The medical world is beginning to admit that other things being equal—

Crooked thinking makes diseases.
Straight thinking makes health.

The Starke Telegraph has been publishing for the past few weeks the opinions of the leading citizens and business men of that town on the effect of one year's prohibition, the saloons having been closed in Starke in June, 1905, and in every case the sentiment is in favor of the town remaining "dry." The merchants state that business has been better, the banks have more depositors and more money on deposit, the receipts of the postoffice have greatly increased, and things generally seem in a more prosperous condition than when the saloons were in operation, while the effect from a moral standpoint has also been great, the number of arrests during the past year showing a large decrease over the preceding year.

There are two little words, simple enough in themselves, that introduce untold trouble in the world and are responsible for more gossip, scandal and harm than any two words in the English language. These two words are nothing more than, "They say." They have done more to ruin the reputations that all other things. If you never quote what "they say" you may be quite certain you are not a gossip.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

JEROME FLAYS HEARST AGAIN.

Says Editor's Followers Incited Murder of McKinley.

New York, Aug. 25.—District Attorney William Travers Jerome Thursday again talked of the political situation in this state. He said he believed the time was now ripe for the many leaders of Tammany Hall to state their positions. He also declared that Mr Hearst as a man did not figure in the coming campaign.

"If Mr. Hearst were nominated by the democratic convention, would you support him?" Mr. Jerome was asked.

"We will never face this situation," he replied. "Let's discuss something practical. The democratic party has had to swallow some bitter draughts in the past, but it will never stand for that medicine."

"You saw what Mr. Hearst said about you?"

"Yes, I saw that. There is no question of Hearst in this matter. Hearst is a man of no importance and no ideas. He is like Murphy. The question about Hearst resolves itself into the persons who are about him, whose ideas, working on the addled brain of Czologoz, armed his hand to slay a president, and working along this line is reflected in the conduct of the great leader of the Independence league, Borough President Bird S. Coler, who went along the line of the Brooklyn Rapid Transit inciting riot. The great Chief Flaherty acted in a like manner, instead of leaving to be settled by the courts the matter which belongs to them to decide."

Galveston's Sea Wall

Makes life now as safe in that city as on the higher uplands. E. W. Goodloe, who resides on Dutton St., in Waco, Tex., needs no sea wall for safety. He writes: "I have used Dr. King's New Discovery for Consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at all drug stores. Price 50c and $1.00. Trial bottle free.

Engineer Killed in Collision.

St. Thomas, Ont., Aug. 25.—A special train carrying two theatrical companies to Chicago and one to Detroit and the Canadian Pacific regular passenger train from Toronto, collided at the crossing east of this city. Canadian Pacific Engineer McKay, of Toronto Junction, was killed. Fireman Patterson, of this city, was seriously hurt, and Baggageman Alexander Willey, of this city, was probably fatally injured. None of the passengers on either train was injured.

Why Fret and Worry

THROUGH WALL MEN DIG OUT.

Three Men Make Daring Escape from Pensacola Jail.

Pensacola, Fla., Aug. 25.—A bold jail delivery occurred Thursday morning, when three prisoners, all white, made their escape from the county jail by digging through an 18-inch brick wall, within 25 feet of a sleeping jailor, and not more than 50 yards from the police station house.

A trowel had been slipped into the jail and was used, assistance being given from the outside, and most of the bricks were removed from there. Changes of clothing for the prisoners were also provided for the prisoners and their old ones were left in the jail yard.

The escaped men are J. P. Hollister, serving 18 months for passing worthless checks; Jack Barry, an ex-blue jacket, serving nine months for adultery, and Tony McGinnis, a United States witness in the famous Jackson Lumber company peonage case.

Seventy other prisoners were locked in cells or else there would have been a wholesale delivery.

Don't Be Blue

And lose all interest when help is within reach. Herbine will make that liver perform its duties properly. J. B. Vaughn, Elba, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbine to be the best medicine for those troubles, on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbine has done me." Sold by W. M. Johnson.

$20,000 for Repairs.

Washington, Aug. 25.—A survey of the gunboat Nashville sent to the navy yard, show that $20,000 will be required for the repair of that vessel. the chief expense will be the renewal of the boilers. It is only a year since the Nashville was placed in commission, and her hull and fittings are still in good condition.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by clinging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

ANOTHER BLIND TIGER IS IN THE CAGE

Officers Raided Place of Henry McMillan Friday Night.

FOUND PLENTY OF BOOZE

McMillan Has Been Suspected for Some Time of Selling Whiskey Without a License, and Was Caught Cleverly When He Refused to Open Chest.

"Another alleged "Blind Tiger" has been captured in Gainesville, and this time it is Henry McMillan, a colored man who resides in the vicinity of the Seaboard Air Line depot who has been leading the "tiger."

Deputy Sheriff L. E. Story and Policemen Kite and Bruton went to the house occupied by McMillan at a late hour Friday night and raided the place. They found in a carpenter's locker, the keys of which McMillan refused to surrender, a quantity of liquor and three bottles of beer, and as there had been evidence already secured, so Officer Story says, that he was selling liquor, he was placed under arrest and the liquor found in his possession confiscated.

McMillan was arraigned in Justice Colman's court on Saturday afternoon, when he waived examination, whithout an attorney, and was required to furnish a bond of $500. In default of this bond he was sent to jail, where he will await the action of the grand jury at the fall term of the court.

Officer Story states that he found in the chest to which McMillan refused to surrender the key, and which was broken open, four quarts of liquor and a number of bottles of beer. There were also about the premises a hunor more empty bottles, ranging in size from a half-pint to a quart.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the First M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by all druggists.

Diamond Mine Found in Canada.

St. Paul, Minn., Aug. 25.—Professor Reuben Andrea, well known in Winnepeg and Portage-LePraris, returned to this city with a handful of diamonds in the rough, which he claims to have discovered somewhere within the confines of the province. He took them to local jewelers who pronounced them to be stones of the first water.

Boy Meets Death by Kick of Horse.

Cedartown, Ga., Aug. 25.—Tobert Bryant, the 12-year-old son of John Bryant, who lives near this city, was found in a dying condition, and lived only a few hours after being found. His head was badly battered up and at first it was thought that he was killed by a negro boy, who has gone to a pasture to attend to some horses, but upon further investigation and after the verdict of the coroner's jury it was decided that he met his death by the kick of a horse. It seems that some threats was made upon the little negro and he at once skipped out.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Why not get a package of these tablets and get well and stay well? Price 25 cents. For sale by all druggists.

Man Loses Life in Skating Rink.

Asheville, N. C., Aug. 25.—R. W. Ellis, of Memphis, Tenn., a visitor in this city, was killed at the Asheville roller skating rink when he attempted to climb over the railing from the skating floor to the spectators' stand, and fell to the floor, striking on his head and breaking his neck, and killing him almost instantly. Mrs. Ellis was waiting for her husband, who was skating on the floor. Attracting his attention, she beckoned to him to come to her, and it was while in an effort to climb over the railing, he lost his balance and fell. Before Mrs. Ellis could reach her husband's side he had expired. The body was shipped to Memphis this morning for interment in that city.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.
